

# OUR VALUES

## (Non-negotiable behaviours)

As members of the Boarding Community, we recognise the differences between learning at School and living within a Residential community. As such, we have developed our own set of values and non-negotiable behaviours that sits alongside the day school and is centred around supporting our boarding students in a way that reflects an understanding of each individual in boarding.

- Build a strong sense of identity
- Live your values through your actions

- Care for others
- Show empathy towards each other
- Celebrate our differences

- Take your opportunities
- Step outside your comfort zone

- Be yourself at your best

### At Launceston Church Grammar School our Boarding Staff aim to be:

- By our boarders,
- Be great role models
- Someone who can be trusted

- For all boarders in a comfortable, relaxed, friendly and structured community environment
- Where they feel safe and secure

- Shown towards all boarders
- Empathetic to listen to their needs within the boarding house

- Demonstrated towards our boarders to be their best
- Developing the whole person (socially, academically, spiritually, physically and culturally)
