LEARNING TECHNOLOGIES

Students on the Junior Campus are fortunate to have access to a range of devices to enhance learning. The School provides Prep and Grade 1 students with class iPads and students in Grades 2-6 are provided with 1:1 notebook computers. With teacher instruction and guidance, the devices are used to further the children's knowledge and understanding of technology as well as developing their process and production skills. Student safety and responsible use on-line is an important part of our curriculum. Teachers help students to understand the benefits of online learning while also supporting the development of the skills and knowledge to identify and avoid any associated risks.
